Ending the most successful year in its history, the commencement exercises of the Manchester High School, held last night in Leader Hall, were beyond a doubt the best ever seen in this city. On the front row on the stage, right where everybody could see, was seated the graduating class, and some one had been kind enough to see that the sweet girl graduates were put right in the middle. Seated behind the members of the graduating class were members of the City Council, Dr. J. Allison Hodges, of Richmond, the principal speaker of the evening. Professor Kramer J. LITTLE ROCK, ARK., June 15.—
Governor Donaghey and two members of the State Commission yesterday formally took possession of the uncompleted Capitol after breaking through a door which had been locked by the contractors, Caldwell & Drake, of Columbus, Ind., whom the Legislature ordered discharsed. The Governor left structural engineers in charge of the building. Last night George W. Caldwell, of Caldwell & Drake declared that his firm still had possession of the building.

The new Capitol, which has cost nearly \$1,000,000 already, and which engineers say is only about half completed, has been the bone of political contention in Arkansas for years, Legislators have been charged in the courts with grafting in connection with the Capitol appropriation, and Governor Donaghey was elected Governor on the Capitol question.
